To Whom It May Concern:

This letter is to describe the performance of the construction of my new dental building, located at 3641 S. Soncy Road. The project was assumed by Plains Builders after a previous architect failed to produce any plans. Plains Builders recommended an architect that did a wonderful job in a short amount of time.

The construction proceeded at an amazing pace, with each job phase completed on schedule. The building was completed close to the estimated completion, even with a lot of inclement weather.

Working with the people of Plains Builders was an absolute joy, and the entire project was amazingly stress free for me. All of my questions and concerns were handled in an extremely satisfactory manner. Now I am practicing in a beautiful building that was very well constructed.

Many thanks to Plains Builders and employees.

Sincerely,

Dr. Byrd Adkins
